All-in-one EPoS for nightclubs

Stress-free nights with intuitive solutions.

ICRTOUCH

Enhance operations with cutting edge EPoS.

If you're struggling with long queues and frustrated customers, it may be time to assess your outdated systems. At the core of the ICRTouch ecosystem is our flagship product, the almighty TouchPoint till. With over 150,000 terminals in the UK alone, TouchPoint has become an integral part of UK hospitality, providing users with a robust and reliable solution to successfully manage operations.

More than just order taking, TouchPoint has been designed with industry-leading functionality, to provide nightclubs with all the necessary features to streamline operations. So whether it's, product image buttons for quick navigation, fully customisable designs for improved visibility, bespoke deals and promotions, managing your cloakrooms and entry areas, or even becoming an extension of your security systems with seamless CCTV integration, TouchPoint takes care of it all.
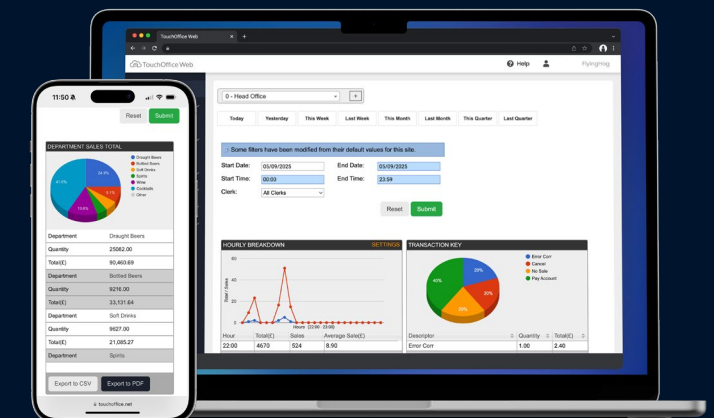

Gain complete control with access from any device.

Seamlessly manage all your ins and outs across multiple venues, from one robust management system.

With 200+ built-in reports, TouchOffice Web+ gives you a complete bird's eye view of all operations, whether that be sales, staff, stock, footfall and everything in between - allowing you to make informed decisions by using real-time data to your advantage.

Whether you're rolling out enticing deals to boost revenue, carrying out a quick and efficient stock check, creating bespoke tickets and much more, the cloud based back-office management system will give you access remotely to make changes whenever you wish.

Scheduled happy hours.

Schedule automated price changes to offer cheaper drinks during happy hours or events.

Flexible ticketing.

Gain unrivalled flexibility with unlimited designs and ticket criteria to boost footfall across a range of events.

Remote programming.

Make instant changes to your pricing, promotions and products across your entire estate, or schedule for the future.

Loyalty schemes.

Implement a range of comprehensive loyalty schemes and encourage customers to return more often.

Bespoke deals.

Entice customers by rolling out a range of bespoke deals and promotions across all your integrated ordering channels.

Stock management.

Gain a bird's eye view of your stock and make sure you never run out of your best sellers.

Digital signage.

Introduce aesthetically pleasing digital signage and show off your best deals to entice customers.

Ease of use.

Intuitive and customisable, your staff will pick up all necessary EPoS functionality in no time.

Fraud management.

TouchPoint offers a full trail of clerk activity and CCTV integration, helping to deter and detect fraud and theft.

Intelligent reporting.

Gain access to 200+ built-in reports from TouchOffice Web and make informed decisions for your business.

Diverse revenue streams.

Free up staff by encouraging customers to place their own orders, great for booths and VIP areas.
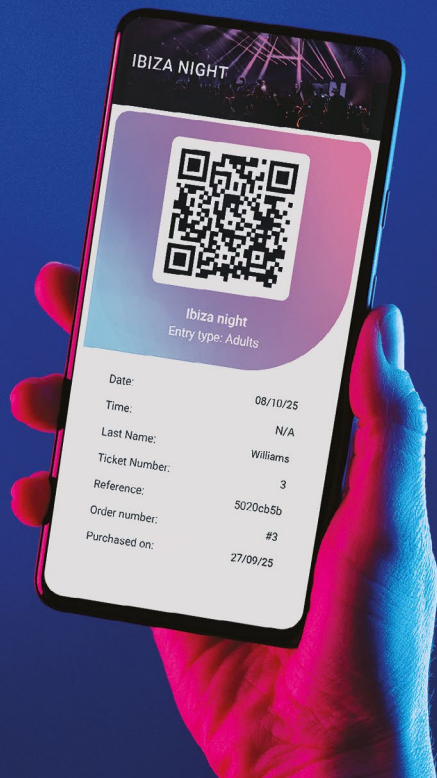

0% commission.

ICRTouch solutions charge 0% commission meaning all the profit stays in your pocket.

Boost footfall with a range of enticing events.

Looking for a comprehensive, affordable solution to manage ticketed events?

Gain flexibility to create bespoke ticket designs, unlimited ticket criteria and implement digital Ticketing from ICRTouch in a way that supports your style of operations the most. Robust and reliable, the solution seamlessly handles entry tickets, themed events, VIP booth bookings, guest appearances, bespoke packages and everything in between, so you can provide a second to none customer experience.
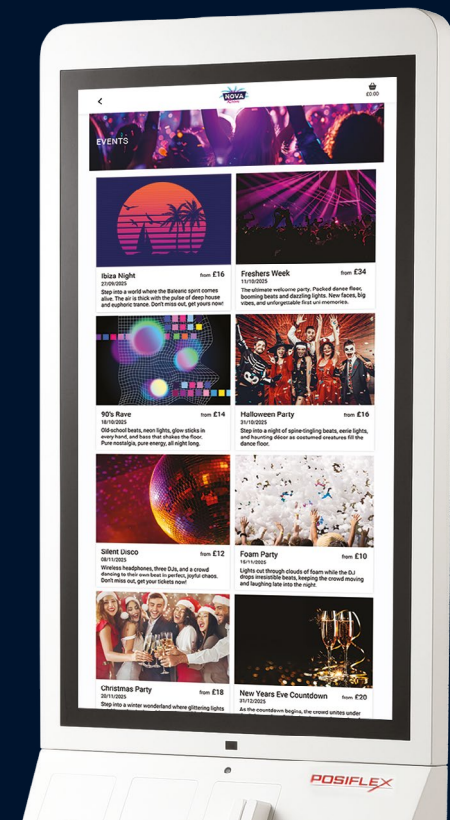

With unlimited ticket criteria, designs and the ability to define upgrade paths, Ticketing gives you all the flexibility you need to effectively streamline operations and boost footfall. Controlled via the powerful TouchOffice Web+, you can make any changes remotely whenever you require, even from the comfort of your home, and all integrated systems update at the click of a button.

Multi channel ticket sales.

Ticketing seamlessly integrates with the wider ICRTouch ecosystem, allowing customers to purchase tickets via all your sales channels, whether that be your TouchPoint tills, ByTable ordering solution, or even SelfService kiosks.

Once purchased, tickets can be emailed directly to customers, or effortlessly stored in ByTable customer accounts, allowing them to view and use whenever required.

Lightweight, portable solution **with heavyweight features.**

Whether you need an extra pair of hands to effectively manage cloakrooms and door entry, or need a temporary solution for the high football during your busiest events, TouchPoint lite is here to help.

The robust functionality you'd expect from your TouchPoint till, in a portable lightweight solution, TouchPoint lite is packed with intuitive features to streamline operations including, seamless order taking, 4G connectivity, built-in reporting, gift card and voucher functionality and more.

Gain unrivalled flexibility with TouchPoint lite and use it on a device and in a configuration that works for you the most, whether that be Android or iOS phones, tablets, and even payment taking terminals for an efficient all-in-one solution.
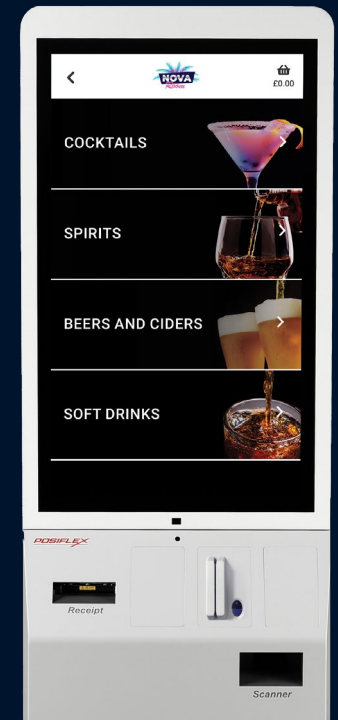

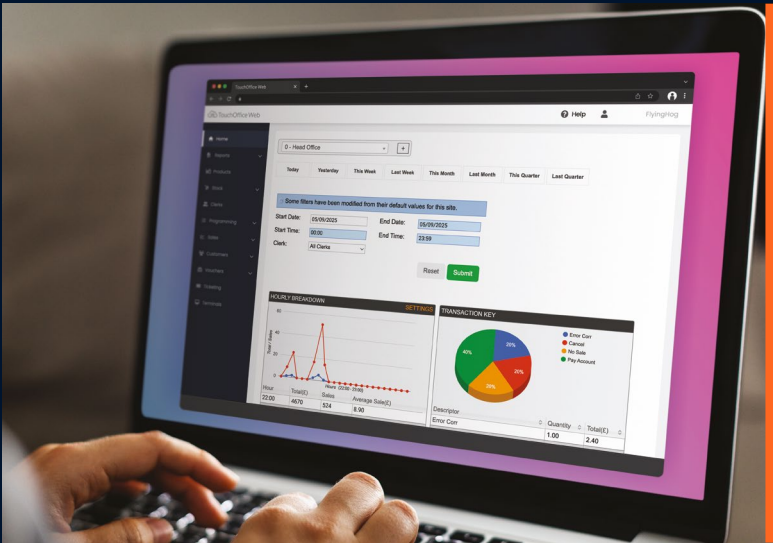

Encourage customers to **self-order.**

Free up your staff from the order taking process with your own ByTable app and let customers place orders from their personal devices directly from the VIP booths.

All your best deals and promotions at the click of a button, customers can simply scan a QR code to begin browsing your menu and place orders quickly and efficiently.

Alternatively, SelfService kiosks can also be a great addition, as they boost order totals by up to 40% and can also entice customers with your best deals thanks to engaging screensavers when the kiosk is not being interacted with.

Both options make it effortless for customers to place orders directly to their location at the click of a button, completely without any assistance from staff, offering a more luxurious experience and streamlining operations.
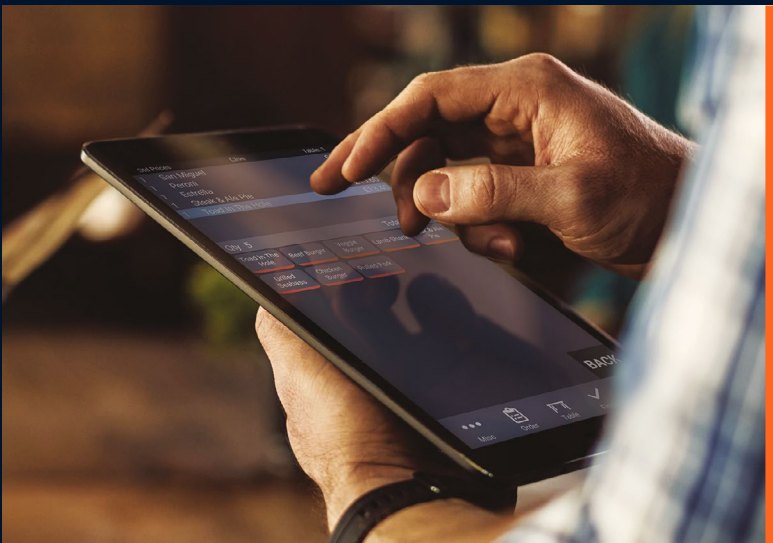

Streamline your operations with EPoS designed for nightclubs.

Packed with heaps of robust functionality, all solutions have been designed with the hospitality industry in mind, making the ICRTouch ecosystem the ultimate tool to streamline your nightclub's operations.

Whether you want to diversify your revenue streams, increase footfall by creating enticing events, or boost revenue with bespoke deals and promotions, you'll find a combination of systems to meet your needs.

ICRTouch's Authorised Partner Network extends throughout the UK and Ireland, ensuring that no matter where you are, there is quick and reliable support available nearby.
